

# 2<sup>nd</sup> Kampala-based Knowledge for Development Partnership Meeting

## Agenda Knowledge for Uganda & Sector Partnership Renewable Energy

10 April 2019, **Makerere University, Kampala**

*The Ugandan Knowledge Partnership was inaugurated in August 2018 to connect institutions, organizations and citizens driving Uganda's transformation to a knowledge-society. The inputs given so far through workshops and individual contributions have been put together for a first raw version of a Ugandan knowledge agenda, which will be presented at this meeting. From there specific knowledge targets for the renewable energy sector will be discussed, and a sector knowledge partnership for renewable energy shall be formed.*
